Procedures for:

Importing DOT Complaint Materials

Revisions:

| Version	Date	Author	Description
10.1.34 (124)	08/27/2010	Sara Toliver	Creation of document.

Definitions:
- DOT Complaint Materials refers to Material Safety Data Sheets, Manufacturer Labels, and Worker Protection Sheets.

Warning/Notice:
- The following assumes that the user has already located DOT Compliant Material and has saved this documentation in *.PDF format (compatible with Adobe Acrobat Reader) on a directory either on the user's network or local computer. These documents can typically be found on the manufacturer or supplier's website.
